CAREER OBJECTIVE

UI/UX Designer with hands-on experience in creating user-centered designs for web and mobile applications. Proficient in Figma and familiar with Adobe design tools. Focused on crafting intuitive, engaging, and visually consistent user experiences. Dedicated to maintaining usability and design consistency across projects while collaborating closely with teams to deliver high-quality solutions.

TECHNICAL SKILLS

- **UI/UX Design:** User Research, Wireframing, Prototyping, Interaction Design, Information Architecture, Design Systems
- **Design Tools:** Figma, Adobe Photoshop, Adobe Illustrator, Adobe XD
- **Product Skills:** User Flows, High-Fidelity Interfaces, Responsive Design, Usability, Visual Design Consistency
- **Collaboration:** Cross-Functional Teamwork, Stakeholder Communication, Developer Collaboration, Team Mentoring

EXPERIENCE

Head of Design / UI/UX Designer

Apr 2025 – Present

Zuntra Digital Private Limited, Chennai

- Led end-to-end UI/UX design for 7+ digital products across marketplace, rental, beauty, ecommerce, and pet services domains.
- Conducted user research and translated insights into wireframes, prototypes, and high-fidelity user interfaces for web and mobile applications.
- Collaborated with developers, product managers, and stakeholders to deliver user-centered and visually consistent product experiences.
- Managed design workflows and maintained design systems to ensure usability, consistency, and efficient execution across multiple projects.
- Mentored designers and upheld design quality standards while supporting the overall UI/UX strategy for active products.

PROJECTS

Huzzler – Freelancer Client Marketplace

Role: UI/UX Design, Figma, User Flows, Wireframing, Prototyping

- Designed the complete marketplace experience including onboarding, client applications, messaging, and dashboard flows.
- Created user flows, wireframes, and high-fidelity mockups for web and mobile interfaces.
- Focused on usability, clear navigation, and a seamless experience for freelancers and clients.
- Collaborated with developers to support design implementation and product consistency.

wiviy – Relationship Discovery Platform

Role: UI/UX Design, Figma, Prototyping, Interaction Design

- Designed end-to-end dating and relationship discovery experiences including onboarding, profile management, matching, and engagement flows.
- Developed intuitive interface layouts for mobile-first user journeys.
- Focused on interaction design, visual consistency, and simple user navigation.
- Created high-fidelity designs aligned with user engagement goals.

Rentit – Property Rental Platform

Role: UI/UX Design, Figma, Wireframing, Responsive Design

- Designed property listing, search, booking, and management experiences for a rental platform.
- Built responsive screens for both mobile and web use cases.
- Organized the information architecture to improve browse-and-book usability.
- Created clean, user-centered layouts to support efficient property discovery.

Beauty Services App – Appointment Booking Experience

Role: UI/UX Design, Figma, User Flows, Prototyping

- Designed service discovery and appointment booking flows for a beauty services application.
- Focused on simplifying user journeys from browsing services to completing bookings.
- Created visually consistent screens with a clear and modern interface structure.
- Improved usability through intuitive navigation and service categorization.

Pet Services Application – Service Booking Platform

Role: UI/UX Design, Figma, Wireframing, Interaction Design

- Designed pet service booking and profile management interfaces for a service-based application.
- Developed user flows for service selection, booking, and account management.
- Maintained design consistency across key screens and interaction states.
- Focused on clarity, accessibility, and ease of use for pet owners.
